

PROTOCOL REVIEW AND MONITORING COMMITTEE (PRMC)

Executive Committee

Protocols to be reviewed must first be submitted to the appropriate PRMC Working Group (Adult, Pediatric, or Cell and Gene Therapy). See the PRMC [Initial Review Coversheet](#) for instructions.

Once a protocol has been approved by the working group, it will be reviewed at the next scheduled PRMC Executive Committee meeting for full PRMC approval.

For further information, please visit www.bcm.edu/cancercenter/clinicaltrials.
