Noon to 1:00 PM
Blue Bird Auditorium, NB-137

“NOGO or not to grow: that is the question”

Noor Sachdev, MD
Neurology Residency Program
Baylor College of Medicine

Objectives:

At the end of this lecture, participants should:

- ❖ Understand the pathway of inhibition of axonal regeneration in the CNS.
- ❖ Be familiar with the data regarding potential therapeutic targets in this pathway
- ❖ Have insight into the future direction and clinical application of this research

Target Audience, Needs, Educational Methods, Activity Evaluation:

Physicians, residents, fellows, and other healthcare professionals need to be updated about new advances in the clinical and research areas for the diagnosis, treatment, and management of patients with neurological disorders. Educational methods will include lectures, case presentations, audio/video presentations, and questions & answer sessions. Participants will be asked to complete an activity evaluation.

Accreditation/Credit Designation

Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Baylor College of Medicine designates this educational activity for a maximum of *1.0 AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.
