8:00 to 9:00 AM

Onstead Auditorium

Mild Cognitive Impairment

Susan Rountree, MD
Assistant Professor of Neurology
Baylor College of Medicine

Objectives:

The objectives of this lecture are to:

- ❖ Differentiate normal aging vs. Mild Cognitive Impairment vs. Alzheimer's disease
- ❖ Review the role of imaging and biomarkers in amnesic Mild Cognitive Impairment
- ❖ Understand Mild Cognitive Impairment subtypes and identifying those who will convert to Alzheimer's disease

Target Audience, Needs, Educational Methods, Activity Evaluation:

Physicians, residents, fellows, and other healthcare professionals need to be updated about new advances in the clinical and research areas for the diagnosis, treatment, and management of patients with neurological disorders. Educational methods will include lectures, case presentations, audio/video presentations, and questions & answer sessions. Participants will be asked to complete an activity evaluation.

Accreditation/Credit Designation

Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Baylor College of Medicine designates this educational activity for a maximum of *1.0 AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.
