

Friday, February 1, 2008

8:00 to 9:00 AM

**NOTE ROOM CHANGE: We will be in the
BLUEBIRD AUDITORIUM, NB-137 Neurosensory Center**

Intellectual property and pharmaceuticals

**Baruch Brody, PhD
Leon Jaworski Professor of Biomedical Ethics
Baylor College Of Medicine**

Objectives:

At the end of this program, participants should be able to:

- define the role of patents in the drug development process
- identify strategies for helping patients deal with the high cost of pharmaceuticals
- avoid certain problems in pharmaceutical research

Target Audience, Needs, Educational Methods, Activity Evaluation:

Physicians, residents, fellows, and other healthcare professionals need to be updated about new advances in the clinical and research areas for the diagnosis, treatment, and management of patients with neurological disorders. Educational methods will include lectures, case presentations, audio/video presentations, and questions & answer sessions. Participants will be asked to complete an activity evaluation.

Accreditation/Credit Designation:

Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Baylor College of Medicine designates this educational activity for a maximum of *1.0 AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.
