

**AAAP** American Academy  
of Addiction Psychiatry

---

# 2009 Review Course

December 5-6, 2009

Hyatt Regency Century Plaza  
Los Angeles, CA

This course is jointly sponsored  
by the Medical University of South  
Carolina and the American Academy  
of Addiction Psychiatry

## 2009 AAAP Review Course

Saturday, December 5 - Sunday, December 6, 2009

Jointly sponsored by the Medical University of South Carolina  
and American Academy of Addiction Psychiatry

### Learning Objectives

At the conclusion of this course participants should be able to:

1. Discuss new advances in the pharmacotherapy and psychotherapy of alcohol, cocaine, amphetamine, opioid, hallucinogen, and nicotine addictive disorders
2. Describe specific approaches in the evaluation and treatment of adolescents, women, and the elderly with addictive disorders and implement strategies for use with your patients
3. Discuss the role of genetics in the risk for developing alcohol and other drug use disorders
4. Identify the major neurobiological pathways involved in the addictive disorders
5. Identify the molecular mechanisms that are altered following alcohol and other drug use disorders

### Credit Designation

The Medical University of South Carolina designates this educational activity for a maximum of *8 AMA PRA Category 1 Credit(s)*.<sup>TM</sup> Physicians should only claim credit commensurate with the extent of their participation in the activity.

### Accreditation Statement

This activity has been designed in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the Medical University of South Carolina and the American Academy of Addiction Psychiatry.
