

Neurology Grand Rounds

Sponsored by Baylor College of Medicine

Monday, February 11, 2013 Noon – 1:00 PM Neurosensory Center, Blue Bird Auditorium, NB-137

"Myasthenia Still Gravis"

Ericka Simpson, M.D.

Associate Professor, Department of Neurology & Neuromuscular Medicine Methodist Neurological Institute

Objectives – At the conclusion of the session, the participants should be able to:

- Be familiar with the history of Myasthenia Gravis as an autoimmune disease
- Be familiar with development of effective therapies for myasthenia gravis
- Appreciation of current morbidity still associated with myasthenia gravis

Target Audience, Needs, Educational Methods, Activity Evaluation: Physicians, residents, fellows, and other healthcare professionals need to be updated about new advances in the clinical and research areas for the diagnosis, treatment, and management of patients with neurological disorders. Educational methods will include lectures, case presentations, audio/video presentations, and questions & answer sessions. Participants will be asked to complete an activity evaluation.
