

Neurology Grand Rounds

Sponsored by Baylor College of Medicine

Monday, September 19, 2011 Noon – 1:00 PM Neurosensory Center, Blue Bird Auditorium, NB-137

Surgical Management of Trigeminal Neuralgia and Hemifacial Spasm

Ashwin Viswanathan, MD

Assistant Professor Department of Neurological Surgery

Objectives – At the conclusion of the session, the participants should be able to:

- Describe the surgical techniques used in the management of trigeminal neuralgia and hemifacial spasm
- Discuss clinical outcomes associated with each treatment modality
- Understand patient characteristics which determine optimal treatment modality

Target Audience, Needs, Educational Methods, Activity Evaluation: Physicians, residents, fellows, and other healthcare professionals need to be updated about new advances in the clinical and research areas for the diagnosis, treatment, and management of patients with neurological disorders. Educational methods will include lectures, case presentations, audio/video presentations, and questions & answer sessions. Participants will be asked to complete an activity evaluation.

Accreditation/Credit Designation

Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Baylor College of Medicine designates this live activity for a maximum of 1.0 AMA PRA Category 1 $Credit^{TM}$. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
