MOVING UP THE EDUCATIONAL LADDER:

IMPROVING YOUR SKILLS AND BUILDING YOUR CAREER IN MEDICAL EDUCATION

Hone your skills and advance your career objectives with national experts in medical education.

TEXAS MEDICAL CENTER
Houston, Texas

FEBRUARY 6-9, 2014

Join Baylor College of Medicine, Texas Children's Hospital and the Center for Research, Innovation and Scholarship in Medical Education for a 4-day conference focused on improving skills and building careers in medical education through innovative teaching techniques, professional development and critical thinking. Tracks are available for clinician educators and educational leaders.

Intended Audience: Individuals of all disciplines and specialties involved in medical education.

To receive detailed information when available, email faced@bcm.edu and request "2014 Educational Conference Information."
