

# Neonatology Research Conference

Sponsored by Baylor College of Medicine

**Thursday, February 12, 2015**

**Noon - 1:00 PM**

Texas Children's Hospital, West Tower  
Neonatology Conference Room B.06209

**Muralidhar Premkumar, M.D.**

Assistant Professor of Pediatrics

Baylor College of Medicine

## **Intestinal Microbiome in Infants with Short Bowel Syndrome**

**Objectives:** At the conclusion of the sessions, the participants should be able to:

- Describe and discuss the on-going research activities in the section.
- Discuss various clinical research methodologies.
- Analyze research activities in all areas, including physiology, literature, and design.
- Analyze basic and clinical research related to neonatology in general.

**Target Audience, Needs, Educational Methods, Activity Evaluation:** Physicians, residents, fellows, physician assistants, and nurses in a pediatric or neonatology clinical setting need to be regularly updated on neonatology research related topics, including physiology, literature, and design. Educational methods will include lectures on selected topics, informal presentations by faculty and fellows on their research activities, and participant feedback. Participants will be asked to complete an evaluation immediately following the session and an outcomes assessment at a later date.

**Accreditation/Credit Designation:** Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Baylor College of Medicine designates this live activity for a maximum of 1.0 *AMA PRA Category 1 Credit*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
