

Neonatology Newborn Medicine Conference

Baylor College of Medicine

Wednesdays, Noon to 1:00 PM
Texas Children's Hospital, West Tower
Neonatology Conference Room B.06209

February 4, 2015

**Parenteral Nutrition Including
Trace Minerals**

Steven A. Abrams, M.D.

February 11, 2015

**Morphologic Development of the Lung:
Normal and Abnormal**

Krithika Lingappan, M.D.

February 18, 2015

**Etiology and Evaluation of Conjugated
Hyperbilirubinemia in Infants**

Sanjiv Harpavat, M.D.

February 25, 2015

Applied Oxygen Physiology

Gautham K. Suresh, M.D.

Objectives: At the conclusion of the sessions, the participants should be able to:

- Apply clinical assessment skills to the care of the critically ill neonate.
- Explain how to detect common nutritional problems encountered.
- Demonstrate how to manage fluid and electrolyte problems.
- Integrate this review and update for recertification.

Target Audience, Needs, Educational Methods, Activity Evaluation: Physicians, residents, fellows, and physician assistants in a pediatric or neonatology specialty need to be updated on topics related to the clinical management of the neonate. Topics rotate on an 18-month cycle and cover all aspects of perinatal physiology. Participants should be able to discuss the topic presented in general terms, assess the management of ventilated neonates, detect common nutritional issues, manage fluids and electrolytes, and integrate information reviewed to update for recertification. Educational methods will include lectures and case presentations. Participants will be asked to complete an evaluation immediately following the session and an outcomes assessment at a later date.

Accreditation/Credit Designation: Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Baylor College of Medicine designates this live activity for a maximum of 1.0 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
