Traumatic brain injury: a not so “silent epidemic” anymore

Eugene C. Lai, MD, PhD
Professor of Neurology
Baylor College of Medicine
Director, Parkinson’s Disease Research, Education, and Clinical Center
Michael E. DeBakey VA Medical Center

Objectives: At the end of this lecture, participants should be able to:

✓ understand the epidemiology and nature of traumatic brain injury
✓ recognize the acute and chronic sequelae of traumatic brain injury
✓ discuss the pathophysiology of traumatic brain injury
✓ comprehend the appropriate treatment and care of patients with traumatic brain injury

Target Audience, Needs, Educational Methods, Activity Evaluation:
Physicians, residents, fellows, and other healthcare professionals need to be updated about new advances in the clinical and research areas for the diagnosis, treatment, and management of patients with neurological disorders. Educational methods will include lectures, case presentations, audio/video presentations, and questions & answer sessions. Participants will be asked to complete an activity evaluation.

Accreditation/Credit Designation
Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Baylor College of Medicine designates this educational activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.
