Neurology Grand Rounds
Sponsored by Baylor College of Medicine

Monday, January 4, 2010
12:00 noon
Blue Bird Auditorium, NB-137, Neurosensory Center

SUDEP-Lethal Complication of Epilepsy. Is it preventable?
Alica Goldman, M.D., Ph.D.
Assistant Professor
Baylor College of Medicine

Objectives – At the end of this lecture, participants should be able to:

- define sudden unexpected death in epilepsy
- identify the risk factors for sudden unexpected death in epilepsy
- identify the population at highest risk for sudden unexpected death in epilepsy

Target Audience, Needs, Educational Methods, Activity Evaluation:
Physicians, residents, fellows, and other healthcare professionals need to be updated about new advances in the clinical and research areas for the diagnosis, treatment, and management of patients with neurological disorders. Educational methods will include lectures, case presentations, audio/video presentations, and questions & answer sessions. Participants will be asked to complete an activity evaluation.

Accreditation/Credit Designation
Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. Physicians should only claim credit commensurate with the extent of their participation in the activity.
