Monday, May 24, 2010
12:00 noon
Blue Bird Auditorium, NB-137, Neurosensory Center

“An Update on Mitochondrial Cytopathies in the Adult population: The return of Gregor Mendel”

Fernando Scaglia, M.D.
Associate Professor
Department of Molecular and Human Genetics
Baylor College of Medicine

Objectives – At the end of this lecture, participants should be able to:

References

Target Audience, Needs, Educational Methods, Activity Evaluation:

Physicians, residents, fellows, and other healthcare professionals need to be updated about new advances in the clinical and research areas for the diagnosis, treatment, and management of patients with neurological disorders. Educational methods will include lectures, case presentations, audio/video presentations, and questions & answer sessions. Participants will be asked to complete an activity evaluation.

Accreditation/Credit Designation
Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. Physicians should only claim credit commensurate with the extent of their participation in the activity.
