

**Date: January 31, 2014**

**To: Valued Clients**

**From: Baylor College of Medicine Medical Genetics Laboratories**

**RE: Discontinuation of JAK2 R683 Mutation Analysis (Test Code 9115)**

Dear Clients,

This memo is to inform you that the Medical Genetics Laboratories will discontinue the JAK2 R683 Mutation Analysis test effective February 20, 2014. We will continue to offer an extensive menu of cancer genetic tests including JAK2 V617F (Test Code 9010) and JAK2 Exon 12 (Test Code 9015) mutation analyses. We also offer a Myeloproliferative Neoplasia Panel that includes JAK2 V617F, JAK2 Exon 12, and MPL Exon 10 mutation analyses (Test Code 9050).

Please direct any questions to Client Services at:

**Phone:** 1-800-411-GENE (4363) **Fax:** 713-798-2787

**E-mail:** [geneticstest@bcm.edu](mailto:geneticstest@bcm.edu)

Please visit our website at [www.bcmgeneticlabs.org](http://www.bcmgeneticlabs.org) for any additional notices or postings.

***Thank you for your valued business. We look forward to providing you with the highest quality genetic testing services.***

Sincerely,

Sean Y. Kim  
General Manager  
Medical Genetics Laboratories  
Baylor College of Medicine
