Medical Genetics Laboratories - Baylor College of Medicine 2450 Holcombe Blvd Houston, TX 77021

Subject: CA Clinical Laboratory License # COS 800035

Dear Ms. Joseph:

Your California Out-of-State laboratory license renewal application and supporting documents have been received. Since the application and fee were received prior to the expiration date, the laboratory remains in good standing while the renewal materials are being processed.

During the renewal review process, our protocol is to allow at least 60 days or more from the expiration date to process and approve the license. The license is considered valid during this process.

Sincerely,

Gwen Wong

Out-of-State Laboratory Licensing Program Manager
