HEALTH CARE CHOICES & COSTS

Baylor College of Medicine's Comprehensive Medical Plan offers one medical option for Baylor Residents and Clinical Postdoctoral Fellows. This option is administered by UnitedHealthcare (UHC) and utilizes the Choice Plus network of health care providers. Baylor offers an enhanced custom network made up of certain Baylor/CHI St. Luke's physicians (BSLMG) and facilities. This enhanced BSLMG network provides lower copays and higher coinsurance levels. A list of participants is located on the Human Resources - Benefits intranet page. ***The Affordable Care Act requires a social security number for ALL dependents enrolled in the medical plans offered by Baylor.***

ResidentCare PPO Option

- The ResidentCare PPO Option utilizes a network of physicians at special negotiated rates. Choice Plus network provider information is available online at www.myuhc.com, or you can call 1.877.BAYLOR1 (1.877.229.5671).
- Baylor offers an enhanced custom network made up of certain Baylor/CHI St. Luke's physicians (BSLMG) and facilities. This enhanced BSLMG network provides lower copays and coinsurance levels. A list of participants is located on the Human Resources - Benefits intranet page.
- You can go to any physician or medical facility for services in a PPO regardless of whether they are in or out-of-network. Your annual deductible, copayment levels, and annual out-of-pocket maximum will be affected by whether or not you use a network physician or medical facility.
- There is a deductible if you use a PPO network facility or hospital. The deductible does not apply to physician office visits; however, a copay is required.
- There is a lower copay to see certain Baylor or CHI St. Luke's physicians or facilities (BSLMG). The BSLMG network coinsurance will increase 5 percent.
- Infertility treatment and testing MUST occur at the Baylor Family Fertility Center or a UHC Center of Excellence. The lifetime maximum for Infertility Testing & Treatment is \$15,000 (medical) and \$3,500 (pharmacy).
- Emergency room (ER) treatment within the network is subject to a copay, and the remaining expenses are paid at 90 percent for the UHC Choice Plus network or 95 percent for the BSLMG network after your deductible is met until you reach your out-of-pocket maximum.
- Any covered services provided in an in-network Urgent Care or Convenience Care facility will be subject to a copay.
- Copays do not apply toward the deductible, including copays for prescription drugs and visits to physicians, Urgent Care facilities, or ERs.
- Medical and prescription drug copays, coinsurance and deductible payments apply toward the out-of-pocket maximum. For example, if you are required to pay 10 percent of the network medical expense, that dollar amount will go toward satisfying your annual out-of-pocket maximum.
- Any service provided in a PPO network physician's office including charges for office visits, treatment, and testing will be subject to a copay (copay based on Primary Care or Specialist services).
- Virtual office visits are available for non-emergency conditions like flu, cold, pink eye rashes and fever. The cost is your normal PCP copay in the UHC network. Virtual visits does not include coverage for behavioral health.
- If you select a physician outside the Choice Plus network or the BSLMG network (out-of-network), your expenses are subject to a larger deductible, and negotiated rates are paid at a 50 percent coinsurance rate.
- When you reach your annual out-of-pocket maximum, negotiated rates are paid at 100 percent for the remainder of the calendar year. Specific out-of-pocket limits are shown on the 2021 Medical Plan Comparison located on the following page.

- These premiums are not subject to pre-tax treatment and may increase during the calendar year due to change in age or salary.

Example: If you earn \$40,000 and are 37 years of age and you elect Supplemental Life coverage at two times your base annual salary, your amount of supplemental coverage is \$80,000 and your age factor is \$.054 per \$1,000 of coverage. Divide \$80,000 by 1,000 and multiply the result by \$.054 to calculate your monthly premium. ($\$40,000 \times 2 = \$80,000 \div 1,000 = 80 \times \$.054 = \$4.32/\text{mo.}$)
