Letter from the Director of Security

The Baylor College of Medicine (BCM) Security Department is charged with providing a safe and secure environment for students, staff, and faculty. Although security is our job, we also believe everyone at BCM has a shared responsibility for the safety of our institution. Anyone experiencing an on-campus emergency may call 713-798-8811 (extension 8811). For Temple, please contact 254-724-2344 or dial 911 immediately. If you see something suspicious, please contact the BCM Security Command Center at 713-798-3000 (extension 3000) or dial 911 immediately.

The Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act) requires all postsecondary institutions to publish an annual campus security report by October 1st of each year. This Annual Security Report informs the Baylor College of Medicine community of Clery-reportable crime statistics for the past three years and contains institutional policies and programs that pertain to sexual misconduct, safety and crime prevention, and procedures notifying the campus community of an emergency event. The Director of Security at BCM works with local law enforcement agencies of the districts surrounding BCM and other BCM-operated offices. The goal of the Security Office is to provide a safe, orderly, and secure community in which Baylor College of Medicine may carry out its mission of research, education, healthcare, and community service.

Any questions regarding BCM's campus safety and security should be directed to the Baylor College of Medicine Security Department at One Baylor Plaza, Houston, TX 77030, by phone at 713-798-3000, or via email to dl-security@bcm.edu.

Sincerely,

Ronald (Bat) Masterson
Executive Director, Security

Introduction

Baylor College of Medicine (BCM) is a health sciences university based in Houston, Texas. BCM is a member of the Texas Medical Center (TMC), the largest medical complex in the world with twenty-one hospitals, thirteen support organizations, eight academic and research institutions, six nursing programs, three public health organizations, three medical schools, two universities, two pharmacy schools, and a dental school.

BCM is made up of four schools: the School of Medicine, the Graduate School of Biomedical Sciences, the School of Allied Health Sciences, and the National School of Tropical Medicine. BCM maintains no student housing or residential facilities. BCM has hospital affiliations with numerous medical facilities within the Houston TMC and in Temple and its students and faculty routinely transit between BCM and the other medical institutions. Please visit <https://www.bcm.edu/> for more information.

This Annual Security Report was prepared by the BCM Clery Committee comprised of representatives from the Office of General Counsel, Security Department, Office of Title IX, Department of Human Resources, and Office of Communications. The Report can be located on the Baylor College of Medicine website at <https://www.bcm.edu/about-us/our-campus/compliance/crime-reporting> or in hard copy from the BCM Security office located at One Baylor Plaza, Service Building, Room BCM-112H, Houston, TX. Students, faculty, and staff are notified of the Report's availability on or before October 1st annually.

Campus Security

The BCM Security Department is committed to providing a safe and secure environment for students, staff, faculty, and visitors. The Security Department operates 24 hours a day, seven days a week. The BCM Security Department is composed of the following: (1) Executive Director, (1) Manager, (1) Senior Coordinator-Business Operations, (1) Data Processor (Badging), (1) Security Tech Specialist, (1) Uniformed Security Guard, (1) Parking Attendant, (7) Security Supervisors (Emergency Console), (9) Security Desk Attendants, (1) Houston Police Department (HPD) Coordinator, and (20) Houston Police Officers of which at least one is on duty and present on the campus at all times.

The BCM Temple campus has a relationship with Baylor Scott & White Police Department which has security officers available 24 hours a day, seven days a week, including holidays. The Security Office is located in the entrance of the Emergency Department on the ground floor of the South Tower at the Temple hospital.

Although BCM does not have a formal written agreement regarding the use of HPD officers on campus, the Houston Police Department (HPD) has an Extra Employment Division that reviews and approves requests made by HPD officers to work outside of their regular HPD duties. BCM is an approved site within that division and all officers working at BCM must file for a permit to work at BCM.

Quick Facts

- The BCM Security Department will respond to all emergencies that occur on campus in Houston. The Baylor Scott & White Police Department will respond to all emergencies that occur on campus in Temple.

- BCM's HPD Officers, Baylor Scott & White Police Department, and the Temple Police Department are involved in all crime reporting on the respective campuses. Any follow up investigation is coordinated between the BCM Security Department and the respective police department division.
- The Security Department assists all students, employees, visitors, and patients who are victims of a crime by advising and/or contacting the appropriate agency. Victims of any crime, whether it occurs on or off BCM's campus, are urged to report the crime to the police department or the appropriate agency.
- BCM Security Guards are not empowered to make arrests. In the event of a crime occurring on a BCM campus, the Security Guard/Guards will make a reasonable effort to detain a suspect of a crime until the police officers arrive on the scene. BCM Security Guard/Guards will enforce BCM Policies and Procedures.
- Security personnel may participate in mandatory orientation programs for new students and employees, and train incoming BCM Personnel (e.g., students, residents, fellows, faculty, staff) about campus safety and crime prevention. The Security Department also provides presentations throughout the year, and hosts HPD presentations.
- The Executive Director of Security participates in the Student Services Committee and chairs the Security Subcommittee. This committee provides for continued communication of safety prevention as well as feedback to security management of students' safety concerns.

Our Statistics

BCM in Houston is located within the world's largest medical center and has many individuals passing through and around its on- and off-campus properties every day. BCM in Temple is affiliated with Baylor Scott & White Health, the largest not-for-profit health system in the state of Texas. Occasionally, BCM has incidents that require the Security Department's expertise, and we publish this information in a daily incident log available to the public at One Baylor Plaza, Service Building, Room BCM-112H, Houston, TX.

Campus Access and Safety Features

BCM is a closed campus and does not allow access to the public to enter its facilities. Security checkpoints are staffed by Security Attendants. These checkpoints are staffed during normal business hours. For example, the Cullen Building entrance staffed until 10:00pm nightly, and during the day on weekends and holidays. Visitors should present a valid form of identification for entry and receive a temporary visitor's badge. The temporary badge is only valid on the day of issuance and reflects the date, name of the individual, and their campus destination. After normal business hours, the public entry doors are locked, and badge access is required. Other entry doors around the campus are designated BCM student and employee entry only and require BCM badge access. BCM students and employees must display their BCM badges while on campus.

The BCM Security Department issues all badges and monitors their use in the security control center on campus. Entry doors are monitored by security cameras. In addition to using badge access, cameras, and Security Officers, BCM's entry points and exterior campus pathways are regularly maintained to ensure they remain well-lit and easily navigable. This maintenance is carried out BCM's and Baylor Scott & White's Security and Facilities Departments as applicable.

Safety Initiatives, Education, and Crime Prevention Efforts

The Security Department publishes information on campus safety programs, education, and crime prevention on their website. BCM employees and students can access information by visiting the following webpages:

- Safety and Security
 - <https://www.bcm.edu/about-us/our-campus/safety-and-security>
- Online Security Resources
 - <https://intouch.bcm.edu/sites/security/SitePageModern/2435/security>

Both Baylor College of Medicine and The Texas Medical Center (TMC) provide access to shuttles. Baylor Scott & White in Temple also offers shuttle services. Information about shuttling services can be found by visiting:

- BCM Parking and Transportation Services
 - <https://intouch.bcm.edu/sites/shuttle-services/SitePageModern/69526/shuttle-services>
- Texas Medical Center Shuttle Service
 - <http://www.texasmedicalcenter.org/parking/shuttle/>
- Baylor Scott & White Medical Center – Temple
 - <https://www.bswhealth.com/locations/hospital/temple>

Security is a consideration in the design of all new and renovated campus areas campus, including physical and electronic security systems, as well as any facility access designs.

The Security Office provides either an in-person or video presentation on campus safety to new trainees, faculty, and staff as part of their orientation or onboarding process. The Human Resources' Employee Relations team and or the Office of Title IX conducts sexual harassment trainings and provides education to new trainees, faculty, and staff as part of their orientation or onboarding process.

The Security Office works collaboratively with the local police force on safety tools and measures which impact the BCM community. For example, blue light telephones are around the TMC to assist BCM Community Members with contacting help in an emergency. Additional emergency information and protocols can be found by visiting:

- Baylor College of Medicine Emergency Management Guide
<https://intouch.bcm.edu/sites/security/documents/preview/2625/Emergency-Management-Guide>

Campus Crime Reporting

BCM strongly encourages the prompt reporting of criminal incidents, emergencies, and suspicious activity to the BCM Security Department. The emergency number for BCM Houston is 713-798-8811 (ext. 8811) and for BCM Temple is 254-724-2344. Individuals are also encouraged to alert local law enforcement of emergency situations by dialing 911. For assistance with non-emergencies, individuals can reach the BCM Security Office by phone at 713-798-3000, by fax at 713-798-6488, or via email to dl-security@bcm.edu.

BCM respects the rights of individuals who wish to report crimes anonymously. While anonymous reporting may affect BCM's ability to investigate and address the crime, it still allows BCM to include the crime for statistical purposes. Individuals may report anonymously to the Integrity Hotline by calling 1-855-764-7292 or at the following links:

- <https://www.bcm.edu/about-us/our-campus/compliance/integrity-hotline>; or
- <https://www.mycompliancereport.com/report?cid=BCM>

Additional information on crime reporting is addressed in BCM's Sexual Harassment and Sexual Violence Policy.

Off-Campus Crime Reporting

Baylor College of Medicine maintains no student housing or residential facilities. Additionally, BCM has no recognized off-campus student organizations such as fraternities or sororities that would require policies or procedures regarding monitoring off-campus criminal activity. Thus, BCM does not provide any law enforcement, security, or patrol to off-campus locations.

Criminal activity at any off-campus property controlled by BCM is monitored by the local law enforcement agency within its area. When appropriate, the BCM Security Department assists local law enforcement as much as possible. The Security Office works closely with the Houston Police Department (HPD), the Texas Medical Center (TMC) Police, Baylor Scott & White Police Department, and Temple Police Department. More information can be found at:

- HPD - <http://www.houstontx.gov/police/>.
- TMC Police & Security - <http://www.texasmedicalcenter.org/contact/>.

Policy Information

Weapons and Firearms on Campus and Workplace Violence

BCM's Weapons and Firearms on Campus Policy and the Workplace Violence Policy work together to provide a safe environment for students and employees.

In accordance with [Chapter 46 of the Texas Penal Code](#) (see Sections 46.01 – 46.03), BCM's Weapons and Firearms on Campus Policy reflects BCM's decision to opt out of Texas Senate Bill 11 (the campus carry law) and prohibits both concealed and open carry of handguns, firearms, and weapons on BCM property. No BCM Community Member (i.e., trustees, faculty, staff, residents, postdoctoral trainees and fellows, students, contractors, guests, and invitees) is allowed to possess or carry a weapon or firearm while on the BCM campus, in BCM facilities, or in any vehicle owned and operated by BCM (e.g., shuttles), except as authorized by the policy. Licensed peace officers, other law enforcement agents, and military personnel are exempt from these prohibitions while acting in their official capacities. The policy does not prohibit the use or carry of small chemical dispensers sold commercially for personal protection (e.g., pepper spray, mace spray) or otherwise lawful storage of a firearm inside a personal motor vehicle in parking lots and garages owned or operated by BCM. Anyone with knowledge of violations of this policy is strongly encouraged to contact the Security Office immediately or make a report through the [Integrity Hotline](#) at 855-764-7292.

The BCM Policy includes the following defined terms, derived from the Texas Penal Code:

- **Weapon** – means any instrument or object designed or used to inflict harm or physical damage on structures, systems, or persons. Examples of weapons include but are not limited to explosive weapons, firearms, illegal knives, clubs, hoax bombs, hoax weapons, and noxious, caustic, or toxic chemicals. Weapons do not include noxious, caustic, or toxic chemicals that have been acquired by BCM for research purposes, which are stored and handled in accordance with other BCM policies and applicable laws.
- **Club** – means an instrument that is specially designed, made, or adapted for the purpose of inflicting serious bodily injury or death by striking a person with the instrument. Examples of clubs include but are not limited to blackjacks, nightsticks, tomahawks, metal knuckles, and maces.
- **Explosive weapon** – means any explosive or incendiary bomb, grenade, rocket, or mine, that is designed, made, or adapted for the purpose of inflicting serious bodily injury, death, or substantial property damage, or for the principal purpose of causing such a loud report as to cause undue public alarm or terror, and includes a device designed, made, or adapted for delivery or shooting an explosive weapon.
- **Firearm** – means any device designed, made, or adapted to expel a projectile through a barrel by using the energy generated by an explosion or burning substance or any device readily convertible to that use. Examples of firearms include but are not limited to handguns, machine guns, rifles, air guns, and zip guns.
- **Handgun** – means any firearm that is designed, made, or adapted to be fired with one hand.
- **Hoax bomb** – means a device that appears to be an explosive or incendiary device, or its design causes alarm or reaction of any type by a BCM security officer, official of a public safety agency, or a volunteer agency organized to deal with emergencies.
- **Hoax weapon** – means a device that appears to be a weapon, or which causes alarm or reaction of any type by a BCM security officer, official of a public safety agency, or a volunteer agency organized to deal with emergencies.
- **Illegal knives** – includes all of the following: i) knife with a blade over five and one-half inches, ii) hand instrument designed to cut or stab another by being thrown, iii) dagger, including but not limited to a dirk, stiletto, and poniard; iv) bowie knife; v) sword; or vi) spear.
- **Knife** – means any bladed hand instrument that is capable of inflicting serious bodily injury or death by cutting or stabbing a person with the instrument.
- **Machine Gun** – means any firearm that is capable of shooting more than two shots automatically, without manual reloading, by a single function of the trigger.
- **Air gun** – means a device that expels a projectile using compressed air or some other gas. Examples of air guns include pellet guns and bb guns.
- **Zip Gun** – means a device or combination of devices that was not originally a firearm and is adapted to expel a projectile through a smooth-bore or rifled-bore barrel by using the energy generated by an explosion or burning substance.

BCM's Workplace Violence Policy demonstrates BCM's commitment to providing a safe working and learning environment by prohibiting acts of intimidation, implied threats, threats of violence, and acts of violence on campus, in all facilities owned or operated by BCM, and at College-sponsored events. Prohibited workplace violence includes: possession or use of weapons or firearms, abusive or profane language, allusions to violence or angry outbursts which a

reasonable person would perceive as threatening; violent conduct such as dangerous pranks, aggressive horseplay, or the reckless disregard for safety which puts others at risk of being injured; fighting, assaults, or willful destruction of College property; talking or unwanted pursuit, blocking or preventing an individual from exiting.

BCM has zero tolerance towards workplace violence. All reports of workplace violence will be investigated. Appropriate disciplinary action, including termination and referral to law enforcement agencies, will be taken in response to policy violations. Also, if a vendor is involved in violence in BCM, the vendor may be prohibited from conducting future business with BCM.

To maintain a safe working environment, every individual is responsible for reporting concerns about workplace violence immediately. In emergency situations where bodily harm is imminent, students and employees should call the Security Office at 8-811 immediately if dialing from a BCM phone or 713-798-8811. Please dial 254-724-2344 for BCM Temple. In non-emergency situations, contact the [Integrity Hotline](#) or dial 713-798-3000. BCM prohibits retaliation against any person who makes a report regarding workplace violence.

Prevention – the Critical Incident Response Team (CIRT). The Critical Incident Response Team was created to oversee the workplace violence prevention program, to respond to reports and incidents of violence, and to provide advice and guidance to BCM. The CIRT is led by BCM Security and contains representatives from Human Resources, the Office of General Counsel, and the Department of Psychiatry and Behavioral Sciences. Ad hoc members of CIRT include representatives from Public Affairs, Risk Management, and senior management representatives, as necessary.

Substance and Alcohol Abuse Policy

The Federal Drug-Free Workplace Act serves as the foundation upon which BCM built its substance and alcohol abuse policy. As a drug-free workplace, BCM's [Substance and Alcohol Abuse Policy](#) (02.5.34) prohibits the possession, use, and sale of alcohol and prohibited substances (e.g., illegal drugs, misused controlled substances) on campus, in facilities owned or operated by BCM, and during any off-campus activity or circumstance in which BCM Personnel (e.g., student, resident, fellow, faculty, or staff member) acts as a BCM representative. Any BCM Personnel who reports to class or work while under the influence of prohibited substances or alcohol will face disciplinary action up to and including dismissal from a degree-granting program and employment termination.

If circumstances indicate a reasonable suspicion of alcohol or substance use (e.g., physical observation of impairment, abnormal or erratic behavior, arrest, or conviction for alcohol or drug-related offense), BCM may require the student or employee to submit to testing. BCM will take steps to preserve the confidentiality of test results to the extent possible, but will notify the appropriate supervisor(s) if this policy has been violated, and may provide a copy of test results as required for administrative proceedings or disciplinary actions (e.g., adverse action) conducted by BCM and/or state or federal authorities, as appropriate.

Anyone with knowledge of a policy violation is strongly encouraged to contact the Security Office immediately or make a report through the Integrity Hotline. BCM's Policy further mandates

reporting of any alcohol or drug-related convictions arising out of a violation of the policy within five days of adjudication, and such persons are required by BCM to complete an approved rehabilitation program to remain in good academic standing or continue employment.

The BCM policy provision facilitates alignment with criminal statutes describing alcohol and drug offenses in the State of Texas, as well as notice to BCM regarding a student or employee's legal and health status. This notice allows BCM to remind students and employees to avail themselves of mental and physical health services that BCM makes available at no cost, and direct persons affected to seek help from the following College sources:

- *Academic Live Care for Students:*
 - 1-866-349-5575
- *Mental Health Services for Students, Residents and Fellows:*
 - 713-798-4881 or student-help@bcm.edu
- *Mental and Physical Health Services for Employees:*
 - Employee Assistance Program: 1-800-622-7276

BCM is a graduate health sciences institution and does not offer undergraduate degree programs. BCM prohibits the possession, use, or sale of alcoholic beverages in violation of BCM policy or applicable law and complies with and enforces applicable Texas laws concerning underage possession and consumption of alcohol. Violations may be referred to law enforcement and may result in disciplinary action under applicable BCM policies.

Crime Log

For the most recent 60-day period, the BCM Security Department maintains a public, written, daily crime log that records any crime reported to the Security Department that occurred on campus, on a Non campus building or property, or on public property falling within BCM's federal reporting areas. The log includes the nature of the crime, date, time, general location, and disposition (if known). Information may be withheld only pursuant to federal reporting exceptions. The log is available at the BCM Security Office located at One Baylor Plaza, Service Building, Room BCM-112H, Houston, TX during normal business hours.

Timely Warning Protocol

Baylor College of Medicine issues timely warnings when crimes occur that may pose a serious and continued threat to BCM students and employees. The purpose is to aid in the prevention of any similar crime or incident. BCM may issue timely warnings for other events when deemed appropriate.

When an incident that meets the above-referenced criteria is made known to the BCM Security Department, immediate notification to the Communications Department management will be made. The Communications Department will construct the appropriate language for the warning. The warning will then be sent electronically via email to all students and employees. BCM may also use other forms of notification such as the BCM website and the BCM Emergency Notification System.

Emergency Response and Notification

BCM maintains emergency response and evacuation procedures for significant emergencies or dangerous situations involving an immediate threat to the health or safety of students or employees on campus. BCM Security, the Office of Communications, members of BCM's emergency chain of command, and other personnel with relevant responsibilities assess reported emergencies and coordinate with responding law-enforcement, fire, emergency-management, and other authorities as appropriate.

Upon confirmation of a significant emergency or dangerous situation, authorized BCM officials determine the segment or segments of the campus community to receive notification, determine the content of the notification, and initiate BCM's notification procedures without delay, taking into account the safety of the community. BCM may withhold or limit a notification only when responsible authorities determine that issuing it would compromise efforts to assist an affected person or to contain, respond to, or otherwise mitigate the emergency.

BCM may communicate emergency information through its Emergency Notification System, including email, telephone, and text messaging; the BCM website; campus postings; recorded messages; public-address systems; and news media or other channels appropriate to the circumstances. The Office of Communications coordinates information disseminated to the larger community.

Sex Offenses and Sexual Harassment

BCM is committed to providing a safe and supportive environment for all Community Members which includes BCM's Board of Trustees, faculty, staff, residents/fellows, postdoctoral trainees, and students. BCM believes that all individuals have the right to be free from all forms of sex and gender-based discrimination.

BCM prohibits sexual misconduct and other forms of sex and gender-based discrimination through its Title IX Misconduct and Grievance Policy and Procedures (02.2.20), Sexual Misconduct and Other Prohibited Conduct Policy (02.2.26), Policy Regarding Harassment, Discrimination, and Retaliation (02.2.25), and the BCM Code of Conduct. BCM's policies prohibit Dating Violence, Domestic Violence, Sexual Assault, Sexual Exploitation, Sexual Harassment, Sexual Misconduct, and Stalking (Prohibited Conduct). While BCM utilizes different standards and definitions than those found in criminal statutes, Prohibited Conduct often overlaps with the crimes of dating violence, domestic violence, rape, sexual assault, sexual exploitation, sexual harassment, and stalking. Those affected by these actions are protected by federal laws, specifically Title IX as well as the Clery Act which governs this report's contents. BCM's Prohibited Conduct standards and definitions are also consistent with the requirements under the Violence Against Women Act, which requires BCM to inform students of the local definitions of the crimes of sexual assault, dating violence, domestic violence, and stalking, as well as a consent definition.

BCM utilizes the following definitions for acts of Prohibited Conduct:

- **Dating Violence** – violence committed by a person who is or has been in a social relationship of a romantic or intimate nature. The existence of such a relationship is based on consideration of 1) the length of the relationship, 2) the nature of the relationship, and

3) the frequency of interactions between persons involved in the relationship. Dating Violence includes but is not limited to sexual abuse, physical abuse, or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

- **Domestic Violence** – an act of violence committed by a current or former spouse, intimate partner, domestic partner, co-parent (a person who shares a child in common), person similarly situated to a spouse under the domestic or family violence laws of the State of Texas, or by any other person against an adult or youth who is protected from that person's acts under the domestic or family violence laws of the State of Texas.
- **Sexual Assault** – a form of sexual violence that includes any offense that meets the definition of Rape, Fondling, Incest, or Statutory Rape:
 - Rape: the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
 - Fondling: the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his or her age or because of his or her temporary or permanent mental incapacity.
 - Incest: sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
 - Statutory Rape: sexual intercourse with a person who is under the statutory age of consent.
- **Sexual Exploitation** – Non-Consensual sexual advances of another that does not otherwise constitute one of the other types of Prohibited Conduct defined in this policy. Examples of sexual exploitation include: going beyond boundaries of sexual Consent, prostitution of a person; Non-Consensual photography, video or audio recording of sexual activity; Non-Consensual photography or video of a nude or partially-nude person; Non-Consensual sharing or distribution of a photograph, video or audio recording of sexual activity; voyeurism; knowingly transmitting a sexually transmitted infection (STI) or HIV to another person; exposing one's genitals in Non-Consensual circumstances; exposing another's genitals in Non-Consensual circumstances.
- **Sexual Harassment** – conduct based on sex that satisfies one or more of the following:
 - An employee of the College conditioning the provision of an aid, benefit, or service of the College on an individual's participation in unwelcome sexual conduct;
 - Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the College's education programs or activities; or
 - Any instance of "Sexual Assault," "Dating Violence," "Domestic Violence," or "Stalking" as defined herein.

Examples of sexual harassment include but are not limited to attempted coercion of an unwilling person into a sexual relationship or experience; repeated subjection to egregious, unwelcomed sexual attention; punishment in response to a refusal to comply with a sexual request; or conditional benefits that require submission to sexual advances or requests.

- **Sexual Misconduct** (Non-consensual sexual contact or attempted contact) – any intentional sexual touching of a person however slight, with or without an object, that is

without Consent and/or by Force. Examples of non-consensual sexual contact may include but are not limited to: intentional contact with the breasts, buttocks, groin or genitals; touching another with any of these body parts, or making another touch themselves, the Respondent, or another person with or on any of these body parts; any intentional bodily contact in a sexual manner, though not involving contact with any previously mentioned body part.

- **Stalking** – a Course of Conduct directed at a specific person that would cause a Reasonable Person to fear for his or her safety or the safety of others (e.g., family member, household member), or suffer Substantial Emotional Distress. For the purposes of this definition,
 - Course of Conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property;
 - Reasonable Person means a reasonable person under similar circumstances and with similar identities to the victim; and
 - Substantial Emotional Distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Examples of stalking include repeatedly following a person, persistent observation of a person in an intimidating manner; acts that threaten or intimidate a person through fear of bodily injury or death of self, or members of that person's family or household; vandalism directed against that person's property.

BCM utilizes the following definition for Consent:

- **Consent** – the clear, knowing, active and voluntary permission by a person of legal age to participate in sexual contact or sexual activity. Consent can be given by words or actions if they create mutually understood clear permission regarding an individual's willingness to engage in and the conditions of the sexual contact or sexual activity. Consent is not passive; silence in and of itself cannot be interpreted as Consent. Consent to any one form of sexual contact or sexual activity does not automatically imply Consent to any other form of sexual activity, and Consent in any instance may not be inferred solely from Consent given in previous instances.

In addition to the definitions provided above, BCM utilizes the following Title IX definitions:

- **Advisor** – (1) an individual chosen by a Complainant or Respondent, at the Complainant's or Respondent's own expense, to provide support during any meetings or hearings related to the investigation and/or adjudication of a reported violation of this Policy and in accordance with the terms and restrictions in this Policy, or (2) if a Complainant or Respondent does not choose an Advisor, an individual provided by the College to the Complainant or Respondent for the sole purpose of cross-examining, as necessary, the other party or witnesses in a Live Hearing.
- **BCM Community Members** – includes the BCM Board of Trustees, faculty, staff, residents/fellows, postdoctoral trainees, contractors, and students enrolled in all schools and programs.

- **Complainant** – an individual who is alleged to be the victim of conduct that could constitute Title IX Misconduct under this Policy.
- **Education Program or Activity** – includes locations, events, or circumstances over which BCM exercised substantial control over both the Respondent and the context in which the harassment occurs. This phrase also includes any building owned or controlled by a student organization that is officially recognized by BCM and encompasses all the operations of BCM.
- **Formal Complaint** – a document filed by a Complainant or signed by the Title IX Coordinator alleging Title IX Misconduct against a Respondent and requesting that BCM investigate the allegation of Title IX Misconduct. As used in this definition, a “document filed by a Complainant” means a document or electronic submission that contains the Complainant’s physical or digital signature, or otherwise indicates that the Complainant is the person filing the Formal Complaint.
- **Title IX Misconduct** – Sexual Harassment, Sexual Assault, Dating Violence, Domestic Violence, and Stalking that occurs during an Education Program or Activity against an individual in the United States.
- **Reporter** – a person who provides information to BCM regarding an incident of Title IX Misconduct. A Reporter need not be a Complainant.
- **Respondent** – an individual who has been reported to be the perpetrator of conduct that could constitute Title IX Misconduct.
- **Retaliation** – Intimidation, threats, coercion, or discrimination against any individual for the purpose of interfering with any right or privilege provided by this Policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this Policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or Title IX Misconduct, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of Title IX Misconduct, for the purpose of interfering with any right or privilege secured by this Policy, constitute retaliation.

BCM recognizes the importance of a victim of sexual assault going to a hospital for treatment and preservation of evidence, if applicable, as soon as practicable after the incident. BCM further recognizes the right of a victim of a crime to choose whether to report the crime to law enforcement, to be assisted by BCM in reporting the crime to law enforcement, or to decline to report the crime to law enforcement. Finally, BCM recognizes the right of a victim of Title IX Misconduct to report the incident to BCM and to receive a prompt and equitable resolution of the report.

If you have experienced Dating Violence, Domestic Violence, Sexual Assault, Sexual Exploitation, Sexual Harassment, Sexual Misconduct, or Stalking, some or all the following safety suggestions may be helpful:

- **Go to a safe place.** This could be the home of a friend, family member, neighbor, a community center, a fire station, or a police station.
- **Contact someone you trust.** It is important to talk to someone about what has happened. You do not have to go through this alone.

- **Preserve evidence.** It is important to preserve evidence even if there has not been a decision on whether to seek medical care or make a report. Evidence should be collected immediately to preserve the item(s) quality. It is recommended that an individual not shower, bathe, wash hands, use the toilet, change clothes, or wash clothing/bedding after an assault. Items such as clothing/bedding should be placed in a paper bag. Other items such as photographs, videos, audio recordings, and communication via text, emails, and/or social media platforms should be saved.
- **Seek Medical Attention.** Health care professionals can provide treatment for injuries, test for sexually transmitted infections (STIs), and collect forensic evidence. Forensic exams are performed by specially trained doctors or nurses and can be completed even if an individual has not decided to make a report to local law enforcement.
- In the TMC, **Ben Taub Hospital** (713-873-2000), and **Texas Children's Hospital** (832-824-1000), and **Memorial Hermann Hospital** (713-704-1261) provide forensic exams.
 - **The Houston Area Women's Center** (713-526-7273, www.hawc.org) and **The Montrose Center (LGBT support and services)**, (713-526-3211, www.montrosecenter.org) can provide free rides to and from the hospital as well as accompaniment from an advocate who can help individuals understand the process, available resources, and will stay during portions of the exam for support if desired.
- In Temple, **Baylor Scott & White Medical Center – Temple Emergency Room** ([254-724-2222](tel:254-724-2222))
- **Seek confidential support.** BCM offers faculty, staff, residents, fellows, postdoctoral trainees, and students access to confidential discussions and healthcare services at no additional cost.
 - For confidential discussions and healthcare services, consult:
 - Student and House Staff Mental Health Service: 713-798-4881 or student-help@bcm.edu
 - Academic Live Care (students only): 1-866-349-5575
 - Employee Assistance Program (EAP) (faculty/staff only): 1-800-622-7276
 - For confidential discussions only, consult:
 - Ombuds Office: (713) 798-5039, ombudsoffice@bcm.edu, or www.bcm.edu/ombuds
- **Making a report.** An individual who has experienced violence or stalking can notify authorities, including local law enforcement and College administrators. If notified, law enforcement officials can assist in obtaining orders of protection, restraining orders, or other court orders. If notified, College administrators can assist individuals with evaluating their options, contacting the appropriate law enforcement agency, and can offer interim remedial measures such as no contact orders and assistance with changes to work or academic environments.

Reporting Options

Baylor College of Medicine strongly encourages the prompt reporting of Dating Violence, Domestic Violence, Sexual Assault, Sexual Exploitation, Sexual Harassment, Sexual Misconduct, or Stalking to local law enforcement, the BCM Security Office, a BCM faculty/staff member, or the BCM Title IX Coordinator or Deputy Coordinator. In case of any emergency, call the police at 911.

Filing a criminal complaint by reporting to local law enforcement agencies:

- **Baylor College of Medicine Security Office**
 - Emergency: 713-798-8811 or 8-811 from the BCM phone system
 - Non-emergency: 713-798-3000
 - Temple: 254-724-2344
 - Email: dl-security@bcm.edu
- **Texas Medical Center Police** (located in Garage #2)
 - 713-798-5000
- **Houston Police Department**
 - 713-884-3131
 - www.houstonpolice.org
- **Houston Police Department Sexual Assault Information Line**
 - 713-308-1400
 - Email: SAinfo@houstonpolice.org
- **Harris County Sherriiff Office**
 - 713-221-6000
 - www.harriscountysos.org
- **Temple Police Department**
 - 254-298-5500
 - https://www.templetx.gov/departments/city_departments/police/index.php
- **Bell County Sheriff's Office**
 - 254-933-5412
 - https://www.bellcountytexas.com/county_government/sheriff/

Filing a complaint by reporting to Baylor College of Medicine:

In addition to or in lieu of reporting a criminal complaint to local law enforcement, individuals who have experienced Title IX Misconduct or Prohibited Conduct (Dating Violence, Domestic Violence, Sexual Assault, Sexual Exploitation, Sexual Harassment, Sexual Misconduct, or Stalking) can file a complaint with Baylor College of Medicine. BCM offers three reporting options: traditional, confidential, and anonymous. Complaints to BCM can be made even if police conclude there is insufficient evidence for criminal charges, or the complainant does not want to participate further in BCM's investigation process. More information about each reporting option is provided below.

Traditional College Reporting:

Individuals who have experienced Prohibited Misconduct may file a report with the BCM Title IX Coordinator. More information can be found at [Title IX and Gender Discrimination \(bcm.edu\)](http://bcm.edu/title-ix-and-gender-discrimination). Reports may be made to the College even if police conclude there is insufficient evidence for criminal charges, or the Complainant does not want to participate further in the College's investigation process or file a Formal Complaint. Online reports may be filed through the Integrity Hotline, and reports may otherwise be filed in-person, by telephone, through interoffice mail, U.S. Mail, or email to:

Title IX Coordinator

Enter "Baylor College of Medicine" as the Organization Name

Anonymous Reporting

Individuals who do not have a duty to report under the law and who wish to remain anonymous may report by telephone or in writing via the Integrity Hotline phone or web portals. All reports of Title IX Misconduct are forwarded to the Title IX Coordinators for processing. BCM takes seriously and investigates all reports received; however, the continuing anonymity of the Reporter may hinder the results of the investigation and the College's ability to stop the behavior, remedy its effects, and prevent recurrence. Integrity Hotline: 1-855-764-7292 or https://cm.maxient.com/reportingform.php?BaylorCOM&layout_id=0mu

Confidential Reporting

An individual may make an anonymous complaint, as described below, without revealing their identity. A student may also speak confidentially with a Confidential Employee concerning Title IX or Prohibited Misconduct. **Confidential reporting is only available through the following** Baylor College of Medicine service programs:

- Student and House Staff Mental Health Service - (713) 798-4881 or student-help@bcm.edu;
- Academic Live Care (students only) – 1(866) 349-5575;
- Employee Assistance Program (faculty/staff only) – 1(800) 622-7276;
- Additionally, the Baylor College of Medicine Ombuds Office is a resource that provides confidential discussion of any Baylor-related concern. Therefore, sharing information regarding the occurrence of sexual harassment, sexual violence, relationship violence, or stalking to the Ombuds does not constitute notice to the College and will not result in action by the College.
- Ombuds Office - (713) 798-5039, ombudsoffice@bcm.edu, or www.bcm.edu/ombuds however, the BCM employee receiving the confidential report shall comply with their Clery obligations.

Mandatory Reporting by BCM Employees:

- a. Any BCM employee who, in the course and scope of employment, witnesses or receives

information regarding the occurrence of an incident that the employee reasonably believes constitutes Title IX Misconduct and is alleged to have been committed by or against a person who was a student enrolled at or an employee of BCM at the time of the incident shall promptly report the incident to the institution's Title IX coordinator or deputy Title IX coordinator.

- b. Except as provided by Subsection (c), the report must include all information concerning the incident known to the reporting person that is relevant to the investigation and, if applicable, redress of the incident, including whether an alleged victim has expressed a desire for confidentiality in reporting the incident.
- c. A BCM employee designated by the institution as a person with whom students may speak confidentially concerning Title IX Misconduct or who receives information regarding such an incident under circumstances that render the employee's communications confidential or privileged under other law shall, in making a report under this section, state only the type of incident reported and may not include any information that would violate a student's expectation of privacy.
- d. Notwithstanding Subsection (a), a person is not required to make a report under this section concerning: (1) an incident in which the person was a victim of Title IX Misconduct; or (2) an incident of which the person received information due to a disclosure made at a public awareness event regarding Title IX Misconduct sponsored by a BCM or by a student organization affiliated with the institution.
- e. Any person who makes a good faith report of Title IX Misconduct, assists in the investigation of the reported Title IX Misconduct, or testifies in the Live Hearing arising out of such report, may not be subjected to any disciplinary action by BCM for any violation by the person of BCM's code of conduct reasonably related to the incident for which suspension or expulsion from the institution is not a possible punishment. This subsection does not apply to a person who perpetrates or assists in the perpetration of the incident reported.
- f. BCM shall terminate the employment of an employee whom BCM determines in accordance with BCM's disciplinary procedure to have either failed to make a report required by this section or who, with the intent to harm or deceive, knowingly makes a report that is false.

Responsible Employees

All faculty and staff (including resident and fellow physicians and postdoctoral associates) with knowledge of an incident or assertion of Prohibited Conduct committed by or against another employee or enrolled student must promptly report such conduct to the Title IX Coordinator using traditional or anonymous reporting. Reports must include all information concerning the alleged Prohibited Conduct that is known to the responsible employee and relevant to the investigation, including whether the alleged Complainant has expressed a desire for confidentiality in reporting the incident. Responsible employees must inform any reporting individual about their responsibilities under Clery and Title IX prior to accepting the report.

The duty to report is triggered when a faculty or staff member either witnesses an incident of perceived Prohibited Conduct or is informed about an incident of Prohibited Conduct except when the report is made in a patient encounter or provision of medical or mental health services.

For example, during a career-mentoring session, a faculty member receives a verbal report of Prohibited Conduct from a trainee who does not want to report the incident to the BCM Security Office or to any other College office—the faculty member must nevertheless report it to the Title IX Coordinator.

Retaliation

Retaliation is defined as any adverse action threatened or taken against a person, including a Complainant and Reporter, because the individual has filed, supported, or provided information in connection with a reported violation of this Policy or engaged in other legally protected activities. Examples of retaliation include but are not limited to intimidation, threats, and harassment.

BCM will not tolerate Retaliation in response to or in connection with any report of Title IX Misconduct or Prohibited Conduct and may impose interim or permanent sanctions against individuals who retaliate in violation of this Policy. Any party who believes that they have experienced Retaliation should report the incident immediately to either or both BCM Title IX Coordinators identified in this Policy. Upon notice of alleged Retaliation, the College will take necessary steps to provide a safe learning and working environment, in accordance with this Policy.

Upon notice of alleged retaliation, BCM will take necessary steps to provide a safe academic and working environment. Individuals responsible for retaliation will be met with disciplinary action up to and including potential removal from the BCM community.

Investigation & Adjudication Process

Baylor College of Medicine takes seriously and investigates all reports of Title IX Misconduct and Prohibited Conduct. Reported allegations will be investigated by an impartial process that is prompt, fair, and conducted by college administrators who receive specialized training. Procedurally, when Baylor receives a report of Prohibited Conduct, the Title IX Coordinator is notified. If the Complainant wishes to access local community agencies and/or law enforcement for support, the appropriate College administrator will assist in making these contacts.

BCM reserves the right to provide non-disciplinary, non-punitive individualized services, as reasonably available, to a Complainant and/or the Respondent before or after the filing of a Formal Complaint or where no Formal Complaint has been filed. Such measures are designed to restore or preserve equal access to BCM's Education Program or Activity without unreasonably burdening the Complainant or the Respondent. Measures may include, but are not limited to:

- Counseling;
- Extensions of deadlines or other course-related adjustments without penalty;
- Modifications of work or class schedules, including arranging for a Complainant or Respondent to withdraw from a course without penalty;
- Mutual restrictions on contact between the parties (i.e., mutual no contact order);
- Changes in work, academic, or extracurricular;
- Leaves of absence;
- Campus escort services and increased security of certain areas of campus; and
- Providing access to counseling, medical and/or academic support services.

BCM will maintain as confidential any supportive measures provided to the Complainant or Respondent to the extent that maintaining such confidentiality would not impair the ability of BCM to provide the supportive measures. To the greatest extent practicable based on the number of counselors employed by the institution, BCM shall ensure that each Complainant, Respondent and Reporter are offered counseling provided by a counselor who does not provide counseling to any other person involved in the incident.

If a Community Member requests a counselor, they will be referred to one on- or off-campus, as well as a community-based advocate. No Community Member is required to use these services and resources; however, BCM provides them in the hopes of offering additional help and support. A summary of rights, options, supports, and procedures, in the form of a resource guide for survivors of Sexual Violence, Relationship Violence, and Stalking, is provided to all individuals, whether they are students, employees, guests, or visitors.

When appropriate upon receipt of notice, the Title IX Coordinator will initiate a prompt, fair, and impartial process beginning with an investigation, which may lead to the imposition of sanctions based upon a preponderance of evidence standard (what is more likely than not). This means that the information supporting a finding of responsibility is more convincing than the information in opposition to it. Individuals alleged to have engaged in Title IX Misconduct or Prohibited Conduct are presumed not to have engaged in the alleged behavior unless or until this standard is met. Full procedures detailing BCM's investigation and adjudication processes can be found in the [Sexual Misconduct and Other Prohibited Conduct Policy](#). The Title IX Coordinator is responsible for: (1) assuring in all cases that the behavior is ended, (2) that BCM acts to prevent its recurrence, and (3) the effects on the Complainant and the BCM community are remedied. The Title IX Coordinator is also responsible for assuring that training is conducted annually for all investigators and appeal administrators to ensure a process that protects the safety and privacy of all individuals involved and promotes accountability.

The investigation and records of the resolution conducted by BCM are maintained confidential to the extent permitted by law. Information may be shared privately internally between administrators who need to know to investigate, respond to, accommodate, or protect those involved. The privacy of the records specific to the investigation is maintained in accordance with Texas and federal law. Any public release of information is needed to comply with the open crime logs or timely warning provisions of the Clery Act. Additionally, BCM maintains privacy in relation to any accommodations or protective measures afforded to a Complainant or Respondent except to the extent necessary to provide the accommodations and/or protective measures.

BCM expects Complainants, Respondents, Reporters, Advisors, and witnesses to respect the privacy of others who are named in an allegation of Title IX Misconduct or Prohibited Conduct and refrain from disclosing their names to others uninvolved in resolution of the allegation. Disclosures by these persons of the name of a Complainant or Respondent to another person that does not have a legitimate interest in that information may be a lapse in professionalism that could result in corrective or disciplinary action. However, this subsection shall not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence. In addition, this subsection cannot be construed to prohibit Complainants, Reporters, or Respondents from having private conversations with Advisors, pursuing counseling, attending public awareness events, or reporting alleged Title IX Misconduct or Prohibited Misconduct.

In any report of Dating Violence, Domestic Violence, Sexual Assault, Sexual Exploitation, Sexual Harassment, Sexual Misconduct, or Stalking, Complainants and Respondents are afforded the same opportunities to:

- Receive simultaneous written notice of the initiation and conclusion of an investigation, the investigation findings, recommended sanctions (if applicable), appeal procedures, any changes to sanctions, and when the results become final;
- Have the option to have a support person present throughout the process and during any proceedings related to the investigation and/or adjudication of a complaint.

Both Title IX and the Clery Act provide protection for individuals who report, in good faith, allegations of non-compliance with the Clery Act and/or Title IX for the attention of appropriate College administrators. Baylor College of Medicine will not tolerate acts of retaliation in response to or in connection with any report or investigation of Dating Violence, Domestic Violence, Sexual Assault, Sexual Exploitation, Sexual Harassment, Sexual Misconduct, or Stalking. Any individual who believes that he/she has experienced acts of retaliation should report these incidents immediately to the Title IX Coordinator, Deputy Coordinator, and/or to officials of the U.S. Department of Education.

Sanctions, Protective Measures, and Remedies

A BCM community member found responsible for engaging in Title IX Misconduct or Prohibited Conduct shall be disciplined up to and including removal from the community. Any one or more of the following sanctions, depending on the severity of the reported incident and consideration of any previous policy violations:

- Respondents found to have engaged in Sexual Assault may be removed from the BCM community.
- Respondents who are found to have engaged in other Title IX Misconduct or Prohibited Conduct may face one or more of the following sanctions, depending on the severity of the reported incident and consideration of any previous policy violations:
 - Mandatory educational programs (e.g., sexual harassment education seminar);
 - Mandatory training programs (e.g., sensitivity training);
 - Issuance of a No Contact Order;
 - School and/or program-specific disciplinary action, such as:
 - Formal Warnings,
 - Professionalism citation,
 - Adverse Actions, e.g., probation, suspension, non-reappointment, failure to promote, dismissal;
 - Administrative leave of absence;
 - Restriction(s) on or removal from a work, academic, or extracurricular activity, duty, or environment;
 - Employment-specific disciplinary action, such as:
 - Verbal or written warning,
 - Probation, and
 - Termination of employment

BCM may impose other remedies to protect individuals from further harm.

- Relocation of work, academic, or extracurricular activities.
- Arranging for a Complainant or Respondent to make-up lost work or academic progress without penalty.
- Arranging for a Complainant or Respondent to withdraw from a course without penalty.
- Providing access to counseling, medical and/or academic support services.
- Educational programs or training for Baylor community members.

Registry of Offenders

In Texas, all sex offenders are required to register within the state and to provide notice of each institution of higher education in Texas at which the person is employed, carries out a vocation, or is an enrolled student. Baylor College of Medicine periodically receives information concerning known sex offenders via this requirement and may disseminate information to protect the safety and well-being of BCM community. The Office of Human Resources checks this list against information at BCM to determine if any known registered sex offenders are associated with BCM as a community member. A list of current sex offenders, if any, associated with BCM is maintained by the Baylor Security Office. Individual interested in accessing the sex offender registry can do so by visiting the Texas Department of Public Safety [website](#).

Prevention and Education Programs

Baylor College of Medicine values the ideal of **Respect** and demonstrates its commitment by offering programming to assist community members in identifying and preventing Dating Violence, Domestic Violence, Sexual Assault (including stranger and known offender assaults), and Stalking each year. Educational programs offered to all new students and new employees are often conducted during new student and new employee orientation. Programs and other

campaigns offered throughout the year to all students and employees include strong messages regarding not just awareness, but also primary prevention (including normative messaging, environmental management, and bystander intervention), discuss institutional policies on Prohibited Conduct, as well as the institutional definitions of Dating Violence, Domestic Violence, Sexual Assault, Sexual Harassment, Sexual Misconduct, Stalking, and Consent in reference to sexual activity. Additionally, programs and resources offer information on risk reduction, how to recognize warning signals, and how to avoid potential attacks without victim-blaming approaches.

Bystander engagement is encouraged through safe and positive intervention techniques and by empowering third-party intervention and prevention such as calling for help, using intervention-based apps, identifying allies, and/or creating distractions. Bystander empowerment training highlights the need for those who intervene to ensure their own safety in the intervention techniques they choose and motivates them to intervene as stakeholders in the safety of the community when others might choose to be bystanders.

The prevention and education programs selected by Baylor College of Medicine are informed by evidence-based research and/or are assessed for their effectiveness. The programs that may be offered throughout the year are described in the following table.

Target Audience	Prevention/Education Initiative	Time Period	Summary	Communication Method
New Students (DNP, MSOP, PA, SOM, GSBS)	Title IX Presentation during Orientation	January, June, July, August	In person presentation on BCM specific information: definitions, reporting options, policy.	Presentation included in the orientation schedule.
Summer Program Students (SMART, HPA-JAMP, MED Summer Surgery)	Title IX Presentation during Orientation	May, June	In person presentation on BCM specific information: definitions, reporting options, policy.	Presentation included in the orientation schedule.
Current Student, New Residents /Fellows (GME)	LawRoom – Bridges: Building a Supportive Community	May	Comprehensive training on what constitutes sexual misconduct, from verbal sexual harassment to sexual violence, and includes information and interactive scenarios aimed at ensuring employees know how to identify and report incidents of sexual misconduct to campus security authorities so	Notification of required training included in pre-matriculation messaging distributed by GME. 			aimed at ensuring employees know how to identify and report incidents of sexual misconduct to campus security authorities so that schools take prompt and appropriate action.	Communication Team to developed language for notification, announcement, invitation email and reminders.
Mandatory Reporters	Title IX Department	Annually	Per SB212, any BCM employee who, in the course and scope of employment, witnesses or receives information regarding the occurrence of an incident that the employee reasonably believes constitutes Title IX Misconduct and is alleged to have been committed by or against a person who was a student enrolled at or an employee of BCM at the time of the incident shall promptly report the incident to the institution's Title IX coordinator or deputy Title IX coordinator.	Message title- <i>Complete Mandatory Training</i> Email to targeted distribution lists announcing training. The Communication Team will develop language for announcements, invitation emails, and reminders. Distribution via email lists.
All Community Members	Title IX Website www.bcm.edu/titleix	On going	Provides education, prevention, risk reduction techniques, access to reporting avenues, a comprehensive list of community resources, and the Baylor policy.	Inclusion of website on all announcements and graphics.
Various	Presentations/trainings to groups on specific topics	On going	Community members can request a presentation or training session on specific Title IX related topics.	Notification of presentation distributed by area administrator.
Various	Current events	Various	Maximize prevention/ education on a specific topic by connecting to a	Title IX Coordinator to develop messages and graphics (if appropriate). The Communication Team will distribute via electronic

			current event or occurrence.	newsletters (Newslink, Faculty Commons, Student Commons), and graphics on screens (if appropriate). Title IX website included in all announcements.
--	--	--	------------------------------	---

Clery Act Crime Definitions

- **Aggravated Assault**—An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is committed using a weapon or by means likely to produce death or great bodily harm. Simple assaults are excluded.
- **Arson**—Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc. Arson statistics are not included in this table-building tool.
- **Burglary (breaking or entering)**—The unlawful entry of a structure to commit a felony or a theft. Attempted forcible entry is included.
- **Consent**—The agreement to engage in specific sexual contact, which may be given by verbal agreement or active and willing participation in the sexual activity. Consent to sexual contact or any specific sexual act cannot be given if an individual is incapacitated or impaired because of physical or mental condition or the ingestion of drugs or alcohol, or under the age of seventeen (17). Silence, previous sexual relationships, current relationships, or the use of alcohol and/or drugs is not an indication of consent. The use of force, threat of force, threat of immediate or future harm, or use of physical intimidation to secure compliance with sexual activity is evidence of a lack of consent. Consent may initially be given, but it may be revoked at any point, either verbally, through physical resistance, or by losing consciousness. Failure to cease sexual contact promptly in response to a withdrawal of consent constitutes prohibited nonconsensual sexual contact. “No” or another negative statement or acts/physical gestures supporting the desire to cease contact in response to sexual contact or an invitation to sexual contact will be regarded as a denial of consent in such sexual contact.
- **Criminal Homicide**—(a) Murder and non-negligent manslaughter: the willful (non-negligent) killing of one human being by another. Deaths caused by negligence, attempts to kill, assaults to kill, suicides, and accidental deaths are excluded. The Clery Act classifies justifiable homicides separately and limits the definition to: (1) the killing of a felon by a law enforcement officer in the line of duty; or (2) the killing of a felon, during the commission of a felony, by a private citizen. (b) Manslaughter by negligence: the killing of another person through gross negligence. Deaths of persons due to their own negligence, accidental deaths not resulting from gross negligence, and traffic fatalities are not included in the category Manslaughter by Negligence.
- **Dating Violence**—Any act of violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the victim’s statement and with consideration

of the type and length of the relationship. Two people may be in a romantic or intimate relationship, regardless of whether the relationship is sexual in nature; however, neither a casual acquaintance nor ordinary fraternization between two individuals in a business or social context shall constitute a romantic or intimate relationship. This definition does not include acts covered under domestic violence.

- **Domestic Violence**—Any violent felony or misdemeanor crime committed by a current or former spouse or intimate partner of the victim, a person sharing a child with the victim, or a person cohabitating with the victim as a spouse or intimate partner.
- **Drug Abuse Violations**—The violation of laws prohibiting the production, distribution, and/or use of certain controlled substances. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance.
- **Hate Crime**—Crime of aggravated assault, arson, burglary, criminal homicide, motor vehicle theft, robbery, sex offenses, and/or crime involving bodily injury in which the victim was intentionally selected because of the victim's actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability.
- **Larceny-theft (except motor vehicle theft)**—The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Examples are thefts of bicycles, motor vehicle parts and accessories, shoplifting, pickpocketing or the stealing of any property or article that is not taken by force and violence or by fraud.
- **Liquor laws**—The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages, not including driving under the influence and drunkenness.
- **Motor vehicle theft**—The theft or attempted theft of a motor vehicle. A motor vehicle is self-propelled and runs on land surface and not on rails. Motorboats, construction equipment, airplanes, and farming equipment are specifically excluded from this category.
- **Robbery**—The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.
- **Sex Offenses**
 - **Fondling**- The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
 - **Rape**- The penetration, no matter how slight, of the vagina or anus with anybody part or object or oral penetration by a sex organ of another person, without the consent of the victim. The carnal knowledge of a person, forcibly and/or against the that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of his/her age).
 - **Incest**- Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
 - **Statutory Rape**- Sexual intercourse with a person who is under the statutory age of consent.

- **Stalking**—Intentionally engaging in a course of conduct, directed at a specific person, which is likely to cause a reasonable person to fear for his or her safety or the safety of others or cause that person to suffer substantial emotional damage. Examples include but are not limited to, repeatedly following such persons(s), repeatedly committing acts that alarm, cause fear, or seriously annoy such other person(s) and that serve no legitimate purpose, and repeatedly communicating by any means, including electronic means, with such person(s) in a manner likely to intimidate, annoy, or alarm him or her.
- **Weapons**—violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons.

Baylor College of Medicine Crime Statistics

Reporting the Annual Disclosure of Crime Statistics

The Clery Act establishes the requirements for collecting and reporting campus crime statistics. The classifications of crimes used in these reports are defined in the Federal Bureau of Investigation Unified Crime Reports Reporting Handbook and/or the UCR Reporting Handbook: NIBRIS edition (UCR). The BCM Security Department prepares the following report based on information reported to the Security Department and to the Houston Police Department. The following is the report of statistics for calendar years 2023 through 2025. The reported statistics are provided to the campus community and to the U.S. Department of Education (DOE) as required by the Clery Act.

BCM sends an email to every enrolled student and current employee annually including a summary of the report's contents and the website address where the Annual Security Report can be found online. BCM also submits the annual crime statistics published in this report to the (DOE). The statistical information gathered by the DOE is available to the public through the DOE website.

Clery Geography

On-Campus – means all property, including: on-campus housing facilities (BCM does not have on-campus housing facilities); owned or controlled by an institution within the same reasonably contiguous geographical area and used by the institution in direct support of, or in a manner related to, institutional educational purposes, including residence halls; and any building or property within the same reasonably contiguous geographic area of the institution that is owned by the institution but controlled by another person, is used by students and supports institutional purposes (such as a food or other retail vendor).

Non-Campus – means any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is being used in direct support of, or in relation to, the institution's educational purposes, is frequented by students and is not within the same reasonably contiguous geographic area of the institution.

Public Property – means all public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent to and accessible from the

campus. The Clery Act does not require disclosure of crime statistics for public property that surrounds non-campus buildings or property.

Criminal Offenses and Statistics

The following statistics include all incidents reported to the BCM Security Department and the Houston Police Department (HPD). Crime statistics obtained from HPD may include crimes reported in areas not considered Clery Geography as defined by the Clery Act. However, BCM has chosen to report such incidents due to their proximity in location to BCM's Clery Geography, which includes clinics and offices in and around the TMC.

Baylor College of Medicine - Code of Conduct

Every member of the BCM community shares the responsibility for sustaining the highest ethical standards in alignment with BCM's Mission, Vision, and Values. We are individually and collectively accountable for our conduct and compliance with laws, regulations and BCM policies. The BCM Code of Conduct is our comprehensive framework for professional and ethical standards. It is designed to ensure that we, all members of the BCM community, understand the expectations to conduct ourselves in an ethical and professional manner while complying with all laws, regulations, rules, and policies to the fullest degree. Refer to this link to obtain detailed information about [BCM's Code of Conduct](#).

Statement of Student Rights

Baylor College of Medicine is committed to creating an environment for students that is conducive to academic success and academic freedom commensurate with all applicable laws and regulations. Students are not only members of the BCM academic community but also members of society, BCM works to ensure that all rights, protections, and guarantees that students are assured as citizens of society are also provided to them within BCM.

BCM's Statement of Student Rights aligns with BCM's mission as a health sciences university that creates knowledge and applies science and discoveries to further education, healthcare, and community service locally and globally. These rights embody our values of respect, integrity, innovation, teamwork and excellence, our vision to improve health through science, scholarship and innovation and our adherence to the Institutional Code of Conduct.

Students have the right to freedom of expression within an atmosphere of culturally responsive inclusiveness and sensitivity. The free dissemination of ideas is key to promoting the academic, personal and professional growth of BCM students.

Students have the right to a learning environment that is free of discrimination, violence, and harassment. BCM seeks to provide a community of respect, open communication, collaboration, and inclusiveness.

Students have the right to due process in incidents of alleged student misconduct and have the right to appeal decisions in this regard. BCM strives to guarantee accuracy in academic results and decisions.

Students have the right to confidentiality of education records. Explicitly written confidentiality policies and procedures are in place to achieve the protection of all personal information and academic records. See BCM's [Statement of Student Rights](#) and [Release of Information](#).
